**DETAILED ACTION**

**EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Douglas P. Mueller on 05/17/2007.

The application has been amended as follows:

In claim 1:

In line 7 of the claim “a radius RL2” has been change to “a radius (RL2)”.

In line 7 of the claim “a height H” has been changed to “a height (H)”.

In line 8 of the claim “movement amount FD” has been changed to “movement amount (FD).

In line 9 of the claim “working distance WD” has been changed to “working distance (WD)”.

***Allowable Subject Matter***

Claims 1-2 and 4-5 are allowed.

The following is an examiner's statement of reasons for allowance:

Claims 1-2 and 4-5 are allowed as the prior art does not teach or fairly suggest the applicant's invention, in regard to the features in combination with the other elements of the claim of a radius RL2 smaller than 1.8 mm and in combination with the height of the substantially truncated-cone-shaped portion such as satisfies height (H)>0.75 mm + necessary movement amount (FD) of lens working distance (WD).

The amended claim language and the applicant's remarks in response to the Office Action distinguish the application's invention over the references that accompanied the Office Action.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
